80 Diane Turton, Realtors Agents and Managers along with Diane Turton Signature Property Representatives join select group of real estate professionals to explore luxury home and design trends

POINT PLEASANT BEACH, NEW JERSEY (October 18, 2008) – Leading luxury real estate specialists came together for the Luxury Portfolio Fine Property Collection® Design'08 workshop on October 17, 2008 at Eagle Oaks Country Club in Farmingdale, New Jersey. Attendees were members of Luxury Portfolio Fine Property Collection®, the fastest-growing luxury property network, and included Diane Turton, Realtors firm owner and broker of record Diane S. Turton, along with Cheryl Vetovick, head of Diane Turton, Realtors Signature Properties Division and 80 other Diane Turton, Realtors agents and managers.

The event was part of the Design'08 meeting series, which took place this fall in 15 cities across the country and attracted some of the most prominent luxury real estate professionals. During the meetings, Luxury Portfolio unveiled its Luxury Portfolio Design Collection program, which offers designers, architects and real estate professionals a collaborative business forum and opportunities to make client introductions to one another.

“Luxury home buyers and sellers often enlist the services of various professionals when creating their ideal home – including designers, architects and, of course, real estate specialists,” Paul Boomsma, president of Luxury Portfolio said. “The real estate professionals who attended our Design'08 meetings recognize the importance of understanding the various components and influences that are important to luxury home owners. As a result, they can provide a more comprehensive level of service to their clientele, which includes finding, designing and furnishing a home for the needs of their specific lifestyle.”

Diane Turton added, “Luxury Portfolio gives us access to the best avenues in real estate on a global level, and now is the first luxury organization to acknowledge the tight synergy between real estate, architecture and home design. We are very excited to offer this program to our sales professionals – as it will allow them to expand their expertise in the sphere of the luxury lifestyle.”

Launched in 2005, Luxury Portfolio Fine Property Collection® has grown to include over 25,000 of the world's most remarkable properties and attracts over 1.2 million high-net-worth visitors a year.
